Oh! Model Plane Champions

Six contestants from Ohio brought home trophies from Plymouth Motor Corp.'s Third International Model Plane contest at Detroit. They competed against 535 of the world's leading model flyers who were invited to the meet because of their outstanding records. Above, A. B. Dowd, merchandising manager of Plymouth, congratulates Frank V. Claire, 24, of Ridgeville corners. Looking on, from left, are: William B. Hale, 25, of Columbus; Robert A. Gardner, 21, Massillon; William P. Ward, 12, Akron; Sid Tanabe, 24, Cleveland; and Richard A. Modler, 13, Dayton.

On the School Scene

By Martha Richards

"Yet a few sunny days, in which the bee shall murmur by the ledge that skirts the way, The cricket chirp upon the russet leaf, And man delight to linger in the ray. Yet one rich smile and we will try to hear The piercing winter frost, and winds, and darkened air."

—William Cullen Bryant

November, with its cold nights and frosty mornings, serves as a transition month between fall and winter. For when that month arrives, most folks have finished their harvest rush and have prepared for winter. Their pantries and granaries have been stocked, the wood and coal houses replenished, and winter warms have been made up-to-date. Whether Old Man Winter has in store, there is satisfaction in the thought of preparedness.

But November, in addition to being a go-between month, also holds many treats for young and old alike. For who would miss Thanksgiving with its turkey, and the days of vacation which accompany that holiday?

How thankful we should be that we live in a land of plenty, where our traditional customs can be enjoyed by everyone from year to year!

Vote For The School Levy!

"The school is democracy's greatest gift to civilization. Throughout the world, among upward-struggling peoples, wherever parents share in the aspirations of their children, the American common school is being copied. Let us cherish and improve our schools."

—Joy Elmer Morgan

The above quotation was used in connection with the theme of the Central Ohio Teachers' Association last Friday.

On November 8, our own community will vote on a renewal of the school levy. For years there has been in existence in Cedarville a 3-mill levy, which has covered a five-year period.

Funds derived from this levy are essential for the operation of Cedarville Public Schools, and without the revenue, drastic curtailment of operation on the present basis will be necessary.

It is very important that our pupils who continue their education in higher schools of learning have the best preparation possible. It is equally important that those who culminate their schooling with high school graduation have an elementary and high school training which will enable them to be intelligent and useful citizens in their community.

Our voters have given fine support to this levy in past years, and results have amply repaid their efforts. Won't you speak to your neighbors and friends about this levy? Our school needs your continued support!

C. H. S. Girls, County Winners

Two Cedarville High School Juniors, Janet Cummings and Martha Richards, are Greene County's co-winners of the Ohio History Test given by Ohio University at Athens.

Janet and Martha will go, together with winners from each of Ohio's counties, and ten pupils of next highest rank, to the Ohio University campus on November 11. Here they will take the final test, submitted by Governor Lausche, and will be guests of the university over the weekend.

Five Junior girls from the American History class—Janet Cummings, Clara Sexton, JoAnne Shesley, Paula Turner, and Martha Richards—took the test, four of them rating scores above the state median of 44. Altogether 2,232 pupils from 77 counties took the test.

Science Students Hear Speaker
Last Wednesday afternoon two

of Cedarville High's Science classes were very fortunate in having a speaker, Professor Arthur E. Harper, of the Ohio State Board of Conservation. For some time Mr. Harper has been traveling over Ohio visiting schools and Wednesday was Cedarville's turn. He spent the first two periods in the afternoon addressing the Biology class and the last two the General Science class.

Mr. Harper started by explaining the meaning of Conservation and its importance to every citizen. He then expanded his subject into the two great kingdoms of earth, the plant kingdom and the animal kingdom. He discussed several members of each kingdom separately especially the magical ability of some plants to produce sugar from plain water and carbon dioxide. Only plants have the ability to make food, and without them life would vanish from the earth.

He then discussed several members of the animal kingdom, and stressed the point that some time in their life cycle most insects are beneficial, and that by spraying large areas with D. T. we are actually destroying more helpful insects than harmful ones.

Mr. Harper concluded his talk with the thought that in the Biology and Science rooms we are in reality studying to be better citizens, and that this line of science has some very interesting departments leading to future vocations.

School Dismissed Tuesday

School was dismissed all day Tuesday, November 1, to provide a "visiting day" for the teachers of Cedarville School. The visitation plan is a county program which makes it possible for every teacher to visit other schools while classes are in session.

The visitation plan throughout the county will cover an interval of several weeks.

Sadie Hawkins' Dance

The Senior Class of '50 is sponsoring a dance to be held Tuesday, November 8 at 7:00 in the high school auditorium. This dance is held in honor of Sadie Hawkins' Day, which falls any time between Halloween and Thanksgiving. The girls have to invite the boys, pay their admission and serve refreshments to them. Also the girls must ask the boys for each dance.

Come dressed to fit the occasion. Get "Gaby" yo' man, and let's go, hon, chile!

Price: 20 cents a single 35 cents a couple.

Date Set For Senior Pictures

On Wednesday, November 2, the seniors went to Columbus to have their graduation pictures at Montrose Studios.

The school bus furnished transportation for the trip. The class left Wednesday morning, promptly on their arrival at school.

After the pictures were taken the class visited some points of interest of their own choice while in the city.

The bus arrived home about 5:30.

Halloween Carnival

Cedarville High School was the scene of a Halloween Carnival on Thursday night, October 27.

The carnival featured a variety of games: fish pond, fortune-telling, darts, bean-bag throwing, dart-throwing, and others.

Refreshments of wieners, Coke, cider and doughnuts were served. Home-made candy was also sold.

The cake walk was held on the stage of the auditorium. Later at 9:00 p. m., a 50-50 square dance was held in the auditorium.

Square dancing was called by Mr. Albert Mott, who was assisted by Mrs. Mott and Mrs. Foster at the piano.

The Carnival was a great success and enjoyed by young and old alike.

Movies Of The Week

"Meat and Romance," starring Alan Ladd, was the title of a film shown to the Home Economics class Tuesday. It described the less expensive meats which are not recognized by the average housewife as being of highly nutritive value. The second movie was based on the processes through which milk passes from the time of milking till it is delivered to your door. Both movies were vividly expressed in technical terms.

The science class, under the direction of Mr. Walker, saw a movie describing the formation of fog. Wednesday the first period, in connection with their classwork.

The annual shows sponsored each year by the Juniors at the noon hour began last Tuesday, October 25. Admission price 5c. Junior Class Sells Pennants.

Help build the morale of the basketball team by buying a pennant to show that you are proud of your school and your team! By doing this you will also be helping the junior class who are selling these pennants to earn money for the coming activities.

Miss Imagination Observes Football

A few weeks ago several of us girls made plans to attend a football game. Since I had never seen a game, I decided to listen to one being broadcast over the radio so that I would not be so stupid at the game.

Before hearing the broadcast, I had the idea that football players were ordinary individuals, but the announcer's descriptions and comments convinced me that the players must be "super-men."

Playing in this game were men with quarter backs, half backs, and full backs. And such feats as they performed! First, a player advanced around his "own right end." The quarter back was praised for making a successful "sneak." Then the crowd cheered while the players were "holding that line." And to cap the climax, the players all suddenly "took to the air." So I turned off the radio, sorry that the game had come to such an abrupt end.

Thus, keyed up to see such wonderful feats as I had heard over the radio, imagine my disappointment at the real game. The quarter backs looked just like the half backs and full backs. In the whole game I did not see a single player advance his own right end. Not once did the team take a line out to hold; and with so much padding as the boys had on them, it would have been simply impossible for them to "take to the air."

Alas, so intent was I, Miss Imagination, in watching for the super-man performance, that when the game was over, I could not remember what team had played which, or whether either team had scored a point.

Vote for the Three Mill School Levy

Tuesday, Nov. 8, the voters of the Cedarville township school district will be asked to approve a three mill levy for school purposes. The levy is a renewal of a three mill levy for school purposes that has been in operation for the past several years and will in no way increase the present tax rate. The money collected from the levy is used for maintenance and operating expenses of the school. The cost of operation of the school plant has risen steadily in the last few years. It is essential that the levy continue in force if the school plant is to be operated as a first grade elementary and high school approved by the North Central Association of Secondary Schools. If you are in favor of the continued operation of the school levy speak to your neighbors and friends in its support.

Honors Awarded Two Sisters

Two Cedarville sisters, Misses Ruth and Beverly Carzoo, have won distinct honors as students, according to announcements by the universities they attend.

A junior at Miami University Ruth was listed on the honor roll for the first period, a significant recognition. The younger sister, Beverly, a sophomore in Capital University, Columbus, has been pledged to Phi Beta, national honor society, the one of 13 students at Capital so honored.

Armistice Day Celebration Is Planned

In the Armistice Day celebration at Yellow Springs at 7:30 P. M., Wednesday, Nov. 9, Cedarville will take a prominent part. As American Legion Commander for Greene county Edwin Bull will attend officially and the Cedarville high school band will be in line of march.

Other musical organizations in the parade will be the 661st air base band from Wright Field, Xenia Central high school's band, Bryan high school and others.

The parade will be high-lighted by four floats from the air force exhibit and Legion posts from over Greene county. Veterans of Foreign Wars, the Bar-J Riding Club of Jamestown, Xenia motor cycle club, Gold Star Mothers, military units and other groups will appear in the line of march.

A general invitation has gone out to groups to participate, with instructions to communicate without John J. Jenks, telephone 7733, Yellow Springs.

An address by a state official of the American Legion is scheduled to follow the parade, with dancing to follow at 9 p. m.

Power Failure Deadens Entire Dayton Area

A two-hour power failure that affected the whole area served by the Dayton Power and Light company stopped everything electrical in its tracks in this community from 9:20 A. M. until shortly before noon Tuesday.

Discovery of the dead power line came to individuals when they found their own equipment—lights, radios, refrigerators and everything electrical—out of order. Calls began to pour into offices of the DP&L, but strangely no one knew what to tell any one except that the collapse of service was general, affecting Dayton as well as 279 other communities.

Frantic efforts of company electricians to locate the trouble were futile, and indeed when service was restored there was still no sufficient explanation of what had happened.

Power was eventually sent over the DP&L lines from the UG&E plants in Cincinnati. This emergency acted like a blood transfusion from Cincinnati, two gigantic stations in Dayton being miraculously, to resume their functions. Various explanations have been offered, the most significant of which is that nobody knows what happened.

Somewhere between the two giant plants something went wrong. Energized from Cincinnati, the plants began to supply electricity again. That seems to be the story, much like the man of the house calling the electrician and the plumber when nothing about the house works, but before they arrive his wife fixes it with a hairpin.

Most certainly the company did not cut off the current purposely, but nothing could have demonstrated the universality of dependence on electrical service like the two-hour absence of it.

Ministers Elect Officers

The Ministerial association of Cedarville at a recent meeting elected new officers, with Frederick M. Carlson of Cedarville College as president.

Rev. Paul Hessler, pastor of the Church of the Nazarene, was chosen vice president, and Dr. F. A. Jurkat of Cedarville College, secretary-treasurer.

Rev. William Walde was named to act in Dr. Jurkat's place until he returns.

Local Election Interests High; Issues at Stake

Although there are no contests as far as the printed ballots are concerned, the local election on Tuesday, Nov. 8, is causing a stir in Cedarville.

Amos Frame has been announced as a write-in candidate for mayor in opposition to E. G. Frederick while two local questions and issues together with the state-wide questions and issues are sure to bring out a good vote come Tuesday.

The two local questions and issues are the renewal of the present 3 mill levy and a referendum on village ordinances No. 250 and 251 which raise the pay of councilmen and the mayor and other village officers.

The two state-wide questions and issues that have been argued pro and con for the past several weeks are the office type ballot and the colored margin question. Both have strong supporters on both sides of the pair of questions.

Aside from the mayor's race none of the local offices are being contested and include the village council and other village officers, board of public affairs, school board and the township trustees.

A full slate of men have filed for the various positions.

To Discuss Flasher Lights At Council

Council at their last meeting, again took up the question of authorizing the railroad company to install flasher lights at the Main Street crossing. As has been in the past, this caused many arguments pro and con.

The Safety Committee of the Council, recommended, that the lights be installed, however due to the question raised, the matter was tabled until the next regular meeting to be held 7th of November.

The council asked that the general public express their opinion on the matter and the meeting will be opened at 8:30 P. M. for such comments.

Miami Alumni To Hold Meeting

Graduates and former students of Miami University are invited to attend a re-organization meeting of Greene county alumni Monday, November 7th at 8:00 p. m. The meeting will be held in the Religious Education room of the Lincoln building at the O. S. & S. O. Home, Xenia. John Doloboff, executive secretary of Miami University alumni association will be present from the university. He will show moving pictures of campus activities and campus scenes. Plans will also be made for a dinner meeting to be held in the spring. John Hey of the O. S. & S. O. Home is serving as re-organization chairman of Greene Co.

Spahr to Ask Rehearing by Supreme Court

Dissatisfied with the refusal of the supreme court of Ohio to accept the appointment of the county chairman of the 1949 Christmas Seal sale in the election a year ago, Ralph O. Spahr, Republican, Xenia township, will ask for a rehearing before the supreme court.

E. G. Schuessler, Spahr's attorney, bases the motion for a rehearing on alleged errors in oral arguments by the defense when the case was presented a fortnight ago.

In Greene county common pleas court when the case was heard before Judge McDowell of the Highland county bench voting in Skyway was ruled legal. The claim of Spahr is that Skyway is not a part of Greene county, but under government control.

In the petition asking for a rehearing it is stated that "the records show that the territory in question was under control of a provost marshal and other military officers, including a housing officer."

BAND MOTHS CLUB

The Band Mothers club will meet Monday evening, Nov. 7 at the school cafeteria.

ELECTION SUPPER

As in former years, an election night supper will be held in the First Presbyterian church on Nov. 8.

Jackets Drop 32-6 to Wilmington In Rough Gridiron Battle Saturday

In a game that saw more of everything else but football, the Cedarville college Yellow Jackets fell before the Wilmington college Quakers in their first loss of the year on the home gridiron last Saturday by a score of 32-6.

The first play of the game gave indication of what was to follow as Referee Al Turner stepped off a 15 yard penalty against the visitors for piling on and both teams kept it up throughout the contest which would have done more credit to such grung-and-grain artists as Gorgeous George and his ilk than it did to the football world.

After both teams had muffed scoring chances in the opening period, the visiting Quakers put across three TDs and an extra point in this second quarter, added another 7 points to their total in the third, and both 11's shoved (and that's exactly the correct word) six-pointers across the goal line in the final quarter.

In the first period the Jackets took the kickoff and ran it back to their own 35 and a penalty moved the ball to mid-field but Burton's three yards on the first play and a pair of incomplete passes forced the locals to punt out of bounds on the Quaker 39.

The visitors put together a nice running attack and threw in a pass for good measure, but with fourth downs and one on the Cedarville 15, a quarterback sneak made nothing and the Jackets took over.

The Jackets couldn't move the pigskin and punted out to the Wilmington 46 and the Quakers returned by punting out on the Jacket 18.

Burton sprinted around end on a wide sweep on the first play all the way to the Jacket 47, but with a 15 yard penalty and only a 5 yard gain the locals punted out on the Wilmington 23. The Quakers picked up a first down on their own 34. With second down and six on the 28, Walter Blatterie in rushing the Quaker passer

knocked the ball up in the air and intercepted it and moved to the Wilmington 25, as the quarter ended. Three plays netted the Jackets 5 yards and the fourth down pass went incomplete with Wilmington taking over on their own 20.

From there the Quakers moved to a first down on the 30, picked up 9 on first down, lost 4 on an attempted sweep, and then Brady pitched to Ashworth who had gotten behind the secondary and went 65 yards for the first touchdown of the game.

After the exchange of kicks, Canada's fourth down punt was blocked on the Cedarville 12. On the first play the Quakers lost 6 but made it back on the next and then Brady again pitched for the TD with Ron Miller being on the receiving end this time. The kick was good to make the score 13-0.

The Jackets couldn't get going after the kickoff and a short kick went out of bounds on their own 36 and the Quakers moved in quickly. The score with Rudduck going over from the 9 nine plays later as the first half drew to a close.

The Jackets kicked off at the start of the second half and after the Quakers had made a first down on their own 47, Wat Blatterie covered a Wilmington bobble on the 34.

He loaded like the Jackets might get into the ball game as Burton swept wide for 13 to the 21, but two plays got no yardage and Burton was smothered for 18 and forcing the locals to kick. The punt going out on the Wilmington 25.

From there the Quakers started the third period touchdown march. Some nice running by Rudduck and McCoy together with Butt's passing moved the ball to the Cedarville 37 from where Rudduck cut off tackle, reversed his field, picked up some nice blocking and raced over for the touchdown.

Taking the ensuing kickoff which was returned to the 30, the Jackets started their own march for a TD.

Burton picked up 9, an illegal substitution of the Quakers gave the Jackets a first down on the Cedarville 43. Burton was good for 7. Ray Thompson picked up 2 and Warner sneaked for a first down on the Wilmington 45. Wilmington drew an offside penalty and Flinders picked up 1 before Ray Thompson carried for 11 and a first down on the Quaker 18. Burton made 7 on his favorite sweep and Ray Thompson added 1 as the period ended.

As the final period began Burton picked up 1 and Flinders bucked for 2 and a first down on the 5. Burton made 2 and then 1 and Flinders hit the m of the line and was ruled to have been across before the Wilmington line shoved him back to about the 5. Coe's attempted placement was wide.

The Quakers came roaring back and marched 80 yards for the final score of the ball game with Butt's pass to Ron Miller eating up the final 31 yards. The Quakers made the distance in five plays.

The remainder of the game was consumed with the officials stepping off 15 yards against one side then the other on what seemed like practically every play.

a last reminder TO VISIT THE O. H. HUTCHINGS STATION OPEN HOUSE

10:00 a.m. to 5:00 p.m.

SATURDAY, NOVEMBER 5 and SUNDAY, NOVEMBER 6

HOW TO
GET THERE

Don't miss this opportunity of a lifetime. It's your opportunity to inspect an ultra-modern steam-electric generating station. The new O. H. Hutchings Station has the most up-to-date equipment in the science of electric generation. It is a station with every modern facility for the most efficient and economical operation and for contributing to the health and welfare of station employees. Here you will see how energy from coal is transformed into mechanical energy in the turbines and then transformed into electric energy in the generators. Pass the word along to your family, your friends and neighbors. You will be glad for years that you visited this new station.

THE DAYTON POWER AND LIGHT COMPANY

CLEAN BEFORE YOU STORE

Will your "winter things" be moth bait this summer? Not if you send them to New Cedarville Cleaners for expert dry cleaning. Dirt and grime work into fabric — often invisibly... then moth worms have a feast. Before you store, let New Cedarville Cleaners "proof" your clothes against the menace of moths and silver fish.

IMPORTANT ELECTION

Citizens are apt to be lulled into indifference in "off year" elections. There is no important election in America. The right to vote, next to religious freedom, which is impossible without a free voting franchise for that matter, is a precious heritage, obtained for us by blood and sweat and tears through long, long years. That right can be maintained only by its exercise. Everybody vote.

MORE DEBT

Whatever is said about the session of the 81st congress it has to be admitted that it spent more money and agreed to spend even more money than any peace-time congress in the history of the United States. A wholesale criticism of the work of the congress would be unjust. It no doubt did some wise things. But there is no escape from one thing it did—it ran the country into debt deeper than it has ever been.

RABBLE ROUSERS

The behavior of the 11 persons charged with un-American activities and threats to overthrow the government labels them what they are—rabblers. Blatant, bombastic bellowing in the court room; all-out arrogance and total disregard for the dignity of a court of justice, any or all of these would prove the defendants guilty of what they are charged with. And their attorneys were even worse than the accused. Americans insist on every accused having a fair hearing, and being given the benefit of every doubt. But all doubt of the guilt of these rabble rousers was removed long ago.

YOU ARE PRETTY RICH

You are pretty rich. Besides cider in the jug, popcorn on the string in the loft, fruit and garden sags in the locker and bins full of corn in the government bins down at Xenia, you own a lot of surpluses.

You have a stake in 59 million pounds of dried eggs that ought to last you quite a spell if all your chickens should die with the pip.

Don't be skimpy with the cheese when you pass it around when we come to eat at your house. Remember, you've got over 15 million pounds of cheese, which is a lot that binds you and your countrymen! Half of the butter in the world you have stored away waiting till its strong enough to move on its own power.

Just look at the kidney beans you've got—a half million bags of them, not counting what you raised this year! Greene county doesn't have enough space to park the 36 ships loaded with wheat the government (you, that is) have lying around in the harbors, besides all the bins and elevators everywhere.

We suppose you know about that 120,000 tons of wine and raisins you picked up while the market was high, with the idea of keeping it higher, that you plan to feed to hogs at \$80 a ton, so you can hoard more bacon? You are pretty rich.

IS IT FOR BIGNESS?

Thousands of delegates from the Disciples of Christ church, in convention in Cincinnati, presented as the most important consideration for the proposed union of the denomination with the Baptist church. There is a general movement towards unification and merger of religious denominations. Another branch of the Church of Christ a few years ago united with the Congregational church. All branches of Methodism are now under one denomination. A half dozen other groups have merged. It would be a back-home move for the Disciples to unite with the Baptists. Alexander Campbell led them away some generations ago. Proudly the new church folk called themselves "Campbellites." Later generations disliked the nickname, as so often happens. Now reunion with the Baptists is being urged by leaders in the denomination. Not for bigness, the world hopes, for mere bigness is not always greatness.

England is hup up over a picture of Princess Elizabeth in her home that shows an ash tray with telltale cigarette butts in it. Shucks, maybe she won it in a radio contest!

Britons are worrying about the slow-moving food ministry that let 28 million dollars worth of potatoes rot before they could be distributed, and 15 tons of bacon spoiled for the same reason. If you happen to see a Britisher slap him on the back sympathetically and tell him to cheer up—we do it that way in our country on purpose!

Statistics (remember them?) show that there is only one dentist in USA for every 1,727 persons. No wonder there are 1940 issues of magazines in dentists' office—the patients are that far back on their reading.

Set this down: When any man refers to the "common man" he's bragging that he isn't one of them.

Poultrymen To Convene
Management of the poultry flock to secure maximum production of quality eggs will be the theme of a county-wide meeting of Greene County poultrymen at the Court House Assembly room Wednesday evening November 8 at 8:00 p. m.

D. D. Moyer, extension poultry specialist of Ohio State University will discuss feeding and management practices including labor saving tips in handling the flock. Lloyd Mullett, manager of the Ohio Valley Egg Cooperative, with headquarters at Milford, will tell of their work in grading and merchandizing eggs cooperatively. Around 50 poultrymen are members of the organization which operates a truck route in the county to collect eggs. All poultrymen are invited to the meeting.

Lane Produces 99.47% Clean Fruit

Orchard Lane, Fairfield pike, owned and operated by James B. Lane produced 99.47% clean fruit in 1949 according to a survey made by T. H. Parks, extension horticulturist of Ohio State University.

The survey was made to determine freedom from insect and disease blemishes on fruit in orchards throughout the state that received a full spray program. The Lane orchard was listed on the state's honor roll being in eighth place among all orchards in the production of clean fruit.

Thirty-six hundred samples of fruit were checked in the orchard with only one-half of one percent showing insect injury. It was one of the few orchards in the state without any apple scab and the only one where no scab was found two years in succession.

Eleven different spray applications were applied to Mr. Lane's 80 acres of apple trees this year. He reports an average crop, in volume, however the fruit size is excellent due to light set and a thorough job of thinning.

Fudge Herd At International

The Myron Fudge and Son Ayrshire herd of Jamestown won more than a score of awards at the International Dairy Exposition at Indianapolis last week. Their entries in the Ohio exhibit won championship honors in the show. In the 4-H show they also brought back five gold emblems, two silver emblems, and four special awards on animals bred by the exhibitor. Their winnings also included 6 open class awards.

This was the first international dairy exposition and it was held on the state fair grounds at Indianapolis. Around 3000 head of dairy cattle from 38 states were on exhibit.

Babcock To Speak At Nutrition Conference

America's leading advocate of an animal agriculture, H. E. Babcock, New York state farmer and writer, is scheduled to appear on the Ohio Animal Nutrition Conference, Nov. 10 and 11, at Ohio State University.

New ideas in feeding animals for production and market will be reviewed during the two days.

with speakers listed for discussions on feeding beef animals, swine, dairy cattle and poultry. Babcock, who is a trustee of Cornell University, Ithaca, N. Y., will present his arguments on "strong animal agriculture for a healthy America."

Do you want to save up to 750 trips per year to the poultry house?

If so, include an automatic watering system in your plans for housing the pullet flock this fall. Other labor-saving steps are wall-type feed bins, and large-type clean-egg nests.

If ventilation has been a problem in previous years, an exhaust fan system may be installed. Plans for these and others may be had at the poultry meeting next Wednesday evening.

County Dairy Meeting Nov. 10

R. R. Starbuck, extension dairy husbandman of Ohio State University, will discuss dairy cattle feeding and management with Greene County dairymen Thursday evening November 10 at 8:00 p. m. at the Court House Assembly Room.

The meeting is sponsored by the Greene County Dairy Unit, of which Robert L. Thomas, Beaver Creek Township is president. In addition to the discussion by Mr. Starbuck, a report will be given on the work of the local organization with dairymen. These activities include artificial breeding of dairy cattle, herd production testing, disease control and promoting 4-H dairy club work.

All dairymen are invited to attend the meeting.

Nutrition Conference At OSU

Outstanding research workers in animal feeding will gather on the campus of Ohio State University on November 10 and 11 for the Ohio Animal Nutrition Conference.

Speakers from four states besides Ohio have been named for the event. They will team with nutrition research workers from the Ohio State University, the Ohio Agricultural Experiment Station, and the Ohio Department of Agriculture.

Hormones, vitamins, and protein requirements of livestock take prominent places on the two-day program. Those attending the conference will combine business with pleasure on Thursday evening, November 10. A barbecue supper will be held at Plumb Hall, with music furnished by the Ohio State University Men's Glee Club. An address on Atomic Energy by Professor Alfred Garrett of the Chemistry Department concludes the evening's activities.

Registration for the two-day conference starts at 8:30 on Thursday, and the sessions end at 4:00 p. m., Friday.

Use More Corn For Dairy Feed

R. R. Starbuck, extension dairy specialist, who will meet with Greene County dairymen the evening of November 10 has added another suggestion to the growing list of ideas of what to do with our record supply of corn.

He states that at present feed prices farmers will find it will

pay them to use more corn in the grain mixture. Corn furnishes total digestible nutrients at a lower cost than most other farm grains.

Tests of complex vs. simple grain mixtures at the Ohio Agricultural Experiment Station have indicated that dairy cows will produce fully as well on a simple mixture, he explained.

In the simple mixture, 1,550 pounds of ground shelled corn were substituted for the following ingredients of the complex formula: 800 pounds of ground shelled corn, 400 pounds of ground oats, 100 pounds of wheat bran and 300 pounds of molasses mixture feed.

Steamed bone meal, salt limestone and extracted soybean meal were included in both rations in equal amounts except for the soybean oil meal, of which 400 pounds were used in the simple formula as compared with 150 pounds in the complex one.

If the roughage, such as alfalfa and other legume hays and silage, is good enough to furnish the protein the cows need, good results could be expected by replacing the entire concentrate mixture with corn.

Plan Stockmen's Banquet

Plans for Greene County Annual Stockmen's Banquet get under way last Saturday evening when representatives of the Farm Forum and General Livestock Committee met at Gevers.

The event is scheduled for February and committees were named as follows: Program, Paul Harner, Lewis Frye and James B. Lane; Budget and Finance, Walter Nash and Karl Robinson; Decorations, Cecil Conklin and Raymond Wolf; Publicity, Harold Fawcett and E. A. Drake; Tickets, Stanley Hetzler and Edwin Kirby; Reception, J. Weir Cooper, Harold Van Pelt, Paul Dobbins and Paul Stafford.

Committees were asked to report Saturday evening November 12 at Gevers.

Farm Prices Drop

Farm prices dropped 2.4 percent in the month ending October 15 according to the U. S. D. Lower prices were recorded for hogs, corn and truck crops. A few products increased slightly, including dairy products, food grains and citrus fruits.

The present level of farm prices is nearly 9 percent below the first of the year and about 20 percent below the record set in January 1948. The decline the past month was the largest since February of this year.

Greene County Rural Youth Members to Attend Older Rural Youth Conference at Jackson's MILL, West Virginia.

Sixteen Rural Youth members will represent Greene County at the State Older Rural Youth Conference to be held at Jackson's Mill, West Virginia, November 11-13, 1949. Committees from Ohio and West Virginia are jointly sponsoring this leadership training conference for members of County Rural Youth Groups.

The program, beginning with dinner at 5:30 p. m. on November

Achievement Night Program Is Planned

Members of 4-H clubs in Greene county, their parents, advisors and interested friends are invited to an Achievement Night program to be held in the assembly room in the court house at Xenia, Thursday evening, Nov. 3, at 7:30.

A review of the achievements of the county-wide 4-H work will be given.

Preceding a recreational period in which members and their guests will participate, special recognition and medals will be given to county winners in the national 4-H contests. All 4-Hers who have received awards during the year will participate in the "Review of County 4-H Winners of 1949." Delegates who represented Greene county at Ohio Junior Leadership Camp at Ohio 4-H Club Congress will give a brief discussion of their experiences.

The 4-H Junior Leadership club is sponsoring the event in conjunction with national 4-H Achievement Week, Nov. 5 to 13, when special emphasis will be given to the accomplishments of 4-H members all over the United States.

ber 11 will include training periods on recreation leadership, discussion leadership, program planning, and officer training. Additional time will be given for an exchange of ideas among the various representatives, recreational periods of folk games and square dancing, and tours of the facilities at the State Youth Camp at Jackson's Mill. The program will close with dinner at noon on November 13.

Those planning to attend from Greene County are Mr. and Mrs. Albert Mott, Rebecca and Dorothy Creswell, Faye Huston, Roger Collins, Jr., Carl Wiseman, Dianne Brightman, JoAnne Sheely, Patsy Collier, Clara Sexton, Janet Gordon, Viola Ferguson, all of Cedarville Township, and Roger Conklin, Donald Wiechers, and Wendell Anderson of Xenia Township.

When In Doubt VOTE "NO"

Voters in the Village of Cedarville will be handed a small referendum ballot at the polls Tuesday, November 8th, which calls for a referendum vote on two Village Ordinances pertaining to increasing the salaries of certain village officials.

	For Ordinance No. 250—Yes
X	Against Ordinance No. 250—No
	For Ordinance No. 251—Yes
X	Against Ordinance No. 251—No

Ordinance No. 250 provides for the increase in salary of Members of Council. Ordinance No. 251 provides for increases in the salaries of Mayor, Clerk and Treasurer, the mayor's salary being doubled. Under ordinary circumstances one would not be inclined to oppose a reasonable salary increase but in view of the almost hopeless condition of the Village funds, the heavy bonded debt with the second highest tax rate of any village in the county, increased property values for taxation, a higher tax rate in county taxes due to the county hospital, and a heavy increase next year for funds to operate the hospital, there are many property owners in the village that think salary increases at this time are far from being warranted.

Renter and Property Owner Must Pay Alike

Both the renter and property owner will be forced to pay, the former through water and sewerage service rentals and the latter likewise in addition to property tax. The property tax duplicate will not warrant all charges for sewer assessments and services charges, and Council has adopted what is known as First Mortgage bonds to be paid off by increasing the present sewerage charges, probably three to five times what is being charged property owners and renters today. All homes and business will be covered by this Mortgage.

Included in the service charges will be the cost of the settlement as a result of the suit of H. A. Tyson against the Village, which has been settled by agreement for \$7,000. This suit was the result of Council refusing to recognize off time notice to discontinue running live sewerage on the Tyson land. Patrons of the sewer system are now called upon to pay \$7,000 as a result of the damage suit.

WHAT INDUCEMENT IS THERE TO INVESTED CAPITAL?

How can Cedarville go on and prosper with a heavy bonded debt, high tax rate and heavy service charges? How can labor meet these charges with local industry, as at present laying off men? There are many alive that can recall the days of panics, depressions, when hundreds of property owners could not pay taxes and it was not so many years ago when the village officials did not get their pay monthly—due to slow tax payments. Just Monday of this week a much wanted institution the town has needed for some years, could not be possible. The investigators reported the general economic finger was pointed downward and in view of local financial conditions, have for the time being, given up the proposition, which had never reached the public ear.

Vote "NO" in your own interest and the future interest of your Village and the Community
